

## COMPANY

### Industrial Applications

Mechanical installation applications  
Industrial ventilation applications  
Textile air-conditioning applications  
Industrial kitchen applications

### Insulation Applications

Technical heat insulation applications  
Building heat insulation applications from outside (jacketing)  
Building heat insulation applications from inside  
Water insulation applications  
Sound insulation applications  
Fire insulation applications

### Medium and Small Scale Air-Conditioning Applications

VRF system air-conditioning applications  
Multi-split air-conditioning applications

### Material Sales

All types of air conditioning devices.  
Heat insulation materials  
Sound insulation materials  
Paint and related materials

### Other Fields of Activity

Industrial sanding and scraping applications  
Industrial and decorative paint applications  
Construction and infrastructure applications  
Renovation Applications
